### About the Institution

The Karpagam Charity Trust was formed in the year 1989 by Dr. R.Vasanthakumar, industrialist and philanthropist with a mission to provide employable educational facilities to the people of rural and local area to cater to the needs of the poor and to serve the society in general through charitable deeds. Karpagam College of Engineering, an Autonomous institution, was established in 2000, approved by AICTE and affiliated to Anna University, Chennai with nine UG courses and five PG courses. It is an Institution with an enterprising management, which directs all its efforts towards producing proficient products who are trained to shine in knowledge and character. The College is located 18 kms from Coimbatore railway station.

### About the Department

The Department of Automobile Engineering was started in the year of 2009. The Department has a team of highly qualified, dedicated and motivated faculty and well equipped laboratories like Automobile Chassis Lab, Engine Components lab, Engine testing Lab, Two and Three wheeler Lab, Automotive Electrical and Electronics Lab, Fuels and Lubricants Lab, Vehicle Maintenance Lab and Fabrication Lab for Advanced Study and Research. Our faculty members have been constantly publishing papers in National and International Journals and Conferences.

### About the Workshop

Nowadays automobiles play a vital role in all walks of human life. We use motorbike, scooter and car at least once in a day with little knowledge about the function of various interlinked components and their design. With requisite knowledge in design and fabrication many of the imported components used in vehicles can be replaced by indigenous components. Apart from using, the knowledge like Design, Fabrication and Tuning the above said vehicles are also more important to enhance in house resources and entrepreneurs. The Department of Automobile Engineering is regularly conducting an event called RIDE every year and the programme received a overwhelming response. The prime aim of the workshop is to provide enough technical knowledge about the design and fabrication of the Mini Bike, ATV and EV as per the rule book of the RIDE event. This workshop will definitely enable them to acquire required manufacturing skills.

The objective of this One day National workshop is to impart the required knowledge and skills in the following field

- 1) Mini Bike Design & Fabrication Techniques
- 2) ATV Design and Fabrication Techniques
- 3) Electric Vehicle Design and Fabrication Techniques

#### **NOTE:**

It is pre workshop for **RIDE-2019 [MINI BIKE DESIGN, FABRICATION AND RACING CONTEST]**-Which is scheduled on Feb 2019

### Registration Fee

Delegates from  
Academic Institutions : Rs.350/-

Registration fee is payable through DD in favour of

**“Karpagam College of Engineering”**

**Payable at Coimbatore.**

Note:

1. Registration form can be photo copied.
2. Total no. of participants is limited to 75 only.
3. Kindly avoid on the spot registration.
4. No TA/DA will be paid.

The application form is to be sent to:

**Mr. V. KONDUSAMY, AP/Auto**

**Mr. V. V. RAHUL, AP/Auto**
