

A National level Workshop

on

Modern Industrial Drives – Advancements

and Applications

(20.09.2019)

Organized by

Department of Electrical and Electronics Engg.
Karpagam College of Engineering (Autonomous)
Coimbatore – 641 032

“ Modern Industrial Drives - Advancements and Applications”

With increasing growth in the field of Electrical drives, drives have made tremendous contribution in every part of life. This one-day national level workshop for Research Scholars, Engineering Faculty, PG and UG students provide the recent advancements and applications in the field of Industrial Drives. Instead of going for Conventional Drives, people are using modern drives like smart and miniature drives. This workshop provides the participants to learn the modern trends in smart and miniature motors.

Smart motor is a motor that will itself work as a sensor. Smart motors are transforming a motor into a sensor, that don't require any additional sensor. The smart intelligent drives, will able to collect the data directly from the motor and no additional sensors will be needed anymore. The data obtained from the motor is being used to determine the health of the drive system. The new generation motors are capable of self diagnosing the faults for the power of future.

Miniature motors have reduced size and weight which enhances the efficiency and reliability of the drives. The miniature motors are more comfortable to use and it is a design compact machine. Miniature motors are widely used in Industrial Automation, Aerospace, Clinical diagnostics, Medical Instruments, Security and Industry power tools.

TOPICS:

- Introduction to Modern Industrial Drives
- Sensors for motors
- Advancements of Smart and Miniature Drives
- Design and analysis of MEMS motors
- Applications of MEMS motors
- Applications of Smart motor drives

ORGANIZING COMMITTEE

CHIEF PATRON

Dr. R. Vasanthakumar
Chairman and Managing Trustee
Karpagam Institutions

PATRONS

Er. K.Murugaiah
Chief Executive Officer
Karpagam Institutions

Dr. P. Vijayakumar
Principal

CONVENOR

Dr. C.R. Balamurugan
Professor and Head / EEE

CO-ORDINATORS

Dr.G.Venkatesan,
Professor/EEE

Mr. A.Nagarajan,
Assistant Professor/EEE

Registration form completed in all aspects to be sent to:

Co-ordinators

**One day national level work shop on
“Modern Industrial Drives – Advancements and
Applications”**

Department of EEE

Karpagam College of Engineering
Othakkalmandapam (P.O)

Coimbatore-641 032, Tamil Nadu, India

RESOURCE PERSONS

Industrial Experts and Academicians from reputed Organizations.

REGISTRATION FEE

UG/PG Students /Faculty members/

Research Scholars : Rs. 500/-

Industrial Participants : Rs. 750/-

HOW TO APPLY:

The Participants can send their duly filled-in registration form to the coordinator along with the Demand Draft in favour of 'Karpagam College of Engineering, Coimbatore' payable at Coimbatore. The registration fee includes course Materials in CD-Format, Kit, working lunch and refreshments.

DATES TO REMEMBER:

Last date for receipt of Application : 13.09.2019

Intimation of selection : 16.09.2019

Confirmation by participants : 18.09.2019

FOR ANY OTHER QUERIES CONTACT:

Dr. G. Venkatesan, Prof / EEE – 90031 09444

Mr. A.Nagarajan, Asst Prof /EEE -95978 32012

Mail id: gv@kce.ac.in

ABOUT THE DEPARTMENT

Department of EEE was started in the year 2002 with a sanctioned student intake of 60 and increased to 180 from the year 2012. The Department has organized many workshops and conferences over the years. The department has well established laboratories and MoU Signed with National Instruments and B & R certified Automation centre.

ABOUT THE INSTITUTE

The Karpagam College of Engineering, established in the Year 2000, is an Autonomous Institution, approved by AICTE, New Delhi and Affiliated to Anna University, Chennai. The college offers various Under Graduate Engineering and Post Graduate programmes. Karpagam College of Engineering strives to impart quality education and an excellent career start to its all its students. The efficient Placement & Training facilities add a feather to its cap by ensuring the students gets placed on campus. The 10 Centers of Excellence strive to impart the practical and experimental exposure to the students and serve as a window to the corporate world.

REGISTRATION FORM

MODERN INDUSTRIAL DRIVES – ADVANCEMENTS AND APPLICATIONS

20.09.2019
