MECHAZINE

2K18

**DEPARTMENT OF
MECHANICAL
ENGINEERING**

MESSAGES

I am happy to note that the Mechanical Department of our college is releasing the Annual magazine MECHAZINE - 2K18 and also planning to bring out the souvenir.

Apart from achieving excellence in academics and sharpening intellectual potential, it is important for students to develop leaderships skills and capacity to innovate for social causes, to make them resourceful and employable.

I Congratulate the organizers, faculty and the students of Mechanical Department for their initiative and Enthusiasm in releasing the prestigious magazine and wish them all success.

Dr.R.Vasanthakumar
Chairman & Managing Trustee
Karpagam Educational Institutions

Its gives me immense pleasure to note that the Department of Mechanical Engineering is releasing the MECHAZINE - 2K18 with the objective of providing a platform to share, discuss and to exchange the views on exciting themes. At this juncture, I congratulate the organizers for their efforts in bringing out the souvenir.

I wish good luck and extend my warm patronage to all those who are have contributed their best to bring out the souvenir in good shape. I wish them all success

Shri.K.Murugiah
Chief Executive Officer
Karpagam Educational Institutions

It gives an immense pleasure in extending my hearty greetings to the staff and students of Mechanical Engineering Department for their efforts in releasing MECHAZINE - 2K18

I wish that this magazine stand as a stage to prove everyone's extracurricular skills and provide an opportunity and a platform for the young Engineers to know the current trends in the field of Mechanical Engineering

Dr.P.Vijayakumar,
Principal,
Karpagam College of Engineering

I take at most pleasure to state that our Department is releasing MECHAZINE -2K18 . The magazine is mainly aimed at exploring the student's Knowledge and bringing out their creative talents in a new platform to widen their career opportunities.

I congratulate and thank all the staff members and students who have put their untiring efforts to bring out their souvenir and wish them all success.

Dr.C.Krishnaraj,
HOD/MECH
Karpagam College of Engineering

ABOUT THE DEPARTMENT

Department of Mechanical Engineering was established in the year 2000 during the inception of the college and is one of the prime departments of our college and offers a 4 year B.E programme in Mechanical Engineering. The department of Mechanical Engineering has a dynamic team of faculty and supporting staff members.

Department of Mechanical Engineering is continuously striving to achieve excellence in academic and industry oriented research along with consultancy work offering service to the society. We aim to provide our students a perfect blend of intellectual and practical exposure that helps them to serve our society and address a variety of needs of the society.

Our curriculum is designed to cover the requirements of a wide range of industries from Aerospace, Manufacturing, Defense, Space, Construction process, Nano Engineering, Energy, Environment, Transportation and Nuclear Engineering etc. by using State-of-the art software packages like Pro-E, Solid Works, ANSYS, CATIA, IDEAS, MASTER CAM, CADEM and other simulation softwares.

On completion of the degree, our students are prepared for entry-level work as a Mechanical Engineer in industry as well as for higher education where a fundamental engineering background constitutes a desirable foundation. Academic course work and project works offered at the end of the course are designed to endow students with the ability to apply knowledge of Science, Mathematics, and Engineering, and the capability to work effectively in multidisciplinary teams, providing leadership and to utilize technical expertise.

With a solid fundamentals in the principles and practice of Mechanical Engineering, our students are also trained in ethical approaches towards Engineering, with a concern for society and the environment. Department aptly makes use of the technical facility of the workshop in teaching and in setting up of in-house experimental set-ups. Workshops and conferences cater to the needs of intra and inter departments of the College in terms of enhancing the career. Our students are well placed in leading industries as well as in the higher research level institutions of international recognition.

Workshops and conferences cater to the needs of intra and inter departments of the College in terms of enhancing the career. Our students are well placed in leading industries as well as in the higher research level institutions of international recognition.

Vision

To enable the students excel in a high - value career , higher education and research, in the field of Mechanical engineering through innovative teaching and learning methodologies, to meet the needs of the industry and to be a part of the advancing technological revolution.

Mission

- 1) Imparting quality education to the students to meet the global challenges in the field of Mechanical Engineering.
- 2) Enriching their knowledge by providing the Research and Development opportunities.
- 3) Inculcating self-confidence for being a successful Entrepreneur.

Courses Offered

- B.E. Mechanical Engineering
- M.E, Mechatronics
- Ph.D Mechanical Engineering

Lab Facilities

- CAD LAB
 - CAM LAB
 - Strength of Material LAB
 - Metrology Lab
 - Dynamics Lab
 - Mechatronics Lab
 - Thermal Engineering Lab - 1
 - Thermal Engineering Lab - 2
 - Fluid Mechanics Lab
 - Engineering practices Lab
 - Production Process lab
 - Manufacturing technology lab
 - Fabrication Lab
- 

Programme Educational Objectives

PEO1: Graduates will be able to comprehend mathematics, science, engineering fundamentals, laboratory and work- based experiences to formulate and solve problems in the domain and shall develop proficiency in the computer - based engineering and the use of computational tools.

PEO2 : Graduates will be equipped to communicate and engage in team-based work on the multidisciplinary engineering projects and will practice the ethics of their profession.

PEO3 : Graduates will recognize the importance of self learning and engage in continuous independent learning to become experts either as an entrepreneur or an employees in the field.

ASSOCIATION DETAILS

S.NO.	Names of the Student	Class	Designation
1.	AKARSH.P.S	IV-A	President
2.	RAJAGOPAL.K	IV-B	Vice President
3.	SARAVANAN.M	IV-C	Secretary
4.	NIVED DEVADAS	III-B	Joint Secretary
5.	VISHNU.N	III-A	Treasurer
6.	MUTHU	II-B	Joint Treasurer

KCE ECO CARE CLUB

Faculty coordinator : **DR.P.SURESH,DEAN**/Mechanical Engineering

Faculty co-coordinator : **MR.N.SUBRAMANI**,Mechanical Engineering

KCE Eco Care Club has been formed in the academic year of 2012-13, aiming at a team of people who are intrested in the preservation of Environment .The teams efforts are directed to formulate innovative and exciting idea through effective brainstorming interactions. The overall objective is to enable each and every individual to positively think about the Environment and carry out exciting activities that can preserve our Environment in an eco-friendly manner.

ARTICLES....*

உலகம் நேர்மாறான
உணர்வுகளைக்
கொண்டது.....!!

உயிரோட்டமான இசையைக் கேட்டு
நம்மை உறைய வைக்கும்
சிலநேரம்...

உறைந்து போயிருக்கும்
அழகுச்சிலைகளைக் கண்டு
உயிரைக் கொடுக்கும் சிலநேரம்.....

ஆனால்..

புரிந்து கொள்வோம்
இது ஒரு எடுத்துக்காட்டு
மட்டுமே என்று.....

I'm always idle because of you...!!

You are now busy because of her...!!

Other thoughts of mine are empty
due to your thoughts...!!

But your thoughts are always filled with her...!!

-incompatible one side love

நமக்குத் தெரிந்த காதல்

கவிதைகளைத் தூக்கி வைத்துக்

கொண்டாடும் தருணத்தில்....

பூத்துக்குலுங்கும் அவள் காதல் கதை

கவிதைகளாய் அவளுள்ளே மட்டும்

அவளுக்கே அவளுக்கென்று.....

You are the interrogative

reason behind my happiness and worries..!

Comfort and discomfort..!

Fullness and emptiness..!

Yess....you are my wholesomeness ever..!!!!!!

White Noise

In all the world
There's nothing like
The sound of falling snow—

The only noise
I've ever known
That makes the clocks move slow;

The only sound
That sweeps away
The din of city streets;

And wraps around,
In soft embrace,
'Most everyone it meets;

A sound that's not
A sound at all—
A quiet, soft and dear,

That comforts all
The sleepy souls
Who sit, and watch, and hear.

HARISSH KUMAR.E

A top-down view of a person's hands working at a desk. One hand is on a laptop trackpad, while the other holds a pen over an open notebook. A cup of coffee sits on the desk next to a crumpled paper ball.

ALUMINI ARTICLES

A problem that has reached its pinnacle in modern society is global warming, which society perpetuates by continuing to release chemicals and gases into the earth's atmosphere. Global warming has caused our ozone layer to deteriorate and our earth's water levels to rise. In the future, this can cause major floods and destroy the world as we now know it. To solve this problem, humans need to change the way we live and how we treat our planet. If this problem is not solved, it will lead to destruction and chaos. Each day, humans try to find a way to slow global warming. Humans address this problem by being more careful about what they throw away and learning how to keep the Earth safe. In *Equilibrium*, John Preston attempts to assassinate Father by seeking help from the Resistance while trying not to keep his newfound emotions hidden. In *V for Vendetta*, V attempts to overthrow the Fascist Norsefire Regime by blowing up Parliament no matter what the cost. In *1984*, everyone is aware that they are being watched by Big Brother and know that they are surviving thanks to him. Global warming is a problem that must be solved by everyone in the world; otherwise, it will lead mankind to their demise.

வாழ்க்கை

கண் விழித்தீர்கள் உலகம் மகிழ்ந்தது
 கண்ணீர் வடிந்தீர்கள் அருவாதல் சொன்னது
 பாதம் பதித்தீர்கள் மண்ணும் சிமித்தது
 நாவை அசைத்தீர்கள் நாகரிகத்தை உணர்த்தியது
 கல்வி கற்கிறீர்கள் அறிவும் வளர்ந்தது
 கருணைப் பெருங்கிறீர்கள் அருமை தெரிந்தது
 பொறுமை பெருங்கிறீர்கள் புகழும் வந்தது
 பெருமை திகழ்ந்தீர்கள் பற்றும வந்தது
 நன்மை செய்கிறீர்கள் தீமை சிவர்த்தியது
 தீமையை வெறுத்தீர்கள் சுவர்க்கமும் சூழ்ந்தது
 மகிழ்ச்சியை நினைத்தீர்கள் மனமும் மனநானது
 சிரிப்பை விழித்தீர்கள் சருப்பை தந்தது
 உலகத்தை நம்பிக் கொண்டீர்கள் அமரலின்றி மட்டம்
 உயிரை விரும்பிக் கொண்டீர்கள் அனாதை விவிலம்
 விரும்புகிறீர்கள்

வானத்தை நிலவு விட்டுச் சென்ற
வேலையில் வானம் நிலவை
எங்கே என்று தேடியிருந்ததே
தவிர...நிலவுவரும் வேலையில்
விட்டுச் செல்லவில்லை....

மாறாக பாதுகாப்பாய் சூழ்ந்தே
நின்றது..பெரும்பரப்பு கொண்ட
இயற்கையே விட்டுக்கொடுத்து
நேசிக்கையில்...மனிதன் மட்டும்
இயற்கையில் விதிவிலக்கானான்!!!!

Paper Battery

MASIL PUSHPARAJ.K
15M708

Abstract

The Batteries form a significant part of many electronic devices. Typical electrochemical batteries or cells convert chemical energy into electrical energy. Batteries based on the charging ability are classified into primary and secondary cells. Secondary cells are widely used because of their rechargeable nature. Presently, battery takes up a huge amount of space and contributes to a large part of the device's weight. There is strong recent interest in ultrathin, flexible, safe energy storage devices to meet the various design and power needs of modern gadgets. New research suggests that carbon nanotubes may eventually provide the best hope of implementing the flexible batteries which can shrink our gadgets even more. The paper batteries could meet the energy demands of the next generation gadgets. A paper battery is flexible, ultra-thin energy storage and production device formed by combining carbon nanotubes with a conventional sheet of cellulose based paper. A paper battery acts as both a high-energy battery and super capacitor, combining two components that are separate in traditional electronics. This combination allows the battery to provide both long-term, steady power production and bursts of energy. Non-toxic, flexible paper batteries have the potential to power the next generation of electronics, medical devices and hybrid vehicles, allowing for radical new designs and medical technologies.

QUOTES

Try to give importance to others feeling who convey their problems to you,
If you face this kind of situation in your life what happens think and respect feelings

I love you more than my relationship with you
I can't express you how much I wish your life with me
I love you to smile I express you to be my life as my wife

I trust to depth only my loving ones
But I just get hurt deep only by loving ones

I am different to understand but not difficult to handle

Being my friend I need love and care ever
Becoming your friend I make you smile and happy ever

Never ever be fever to your failure
Try ever give fear to your failure

Love me at first sight
I smile at last sight

Beware of you not to let your success tomorrow
Prepare for your smile to let your love life beautiful

Loving you is not act of joke
Even I can act as joker to make you smile

U are the love of others heart with care of life to live,
If I can I replace u with my heart to care u with my love of life to live
