About Karpagam College of Engineering

The Karpagam College of Engineering, established in the Year 2000, is an Autonomous institution, Approved by AICTE, New Delhi and Affiliated to Anna University, Chennai. The college offers various Under Graduate and Post Graduate Engineering programmes. The College is accredited by NAAC with 'A+' Grade, TCS and Wipro with 4500 students and 426 teaching and non-teaching staff members, Karpagam College of Engineering strives to impart quality education and an excellent career start to all its students.

The College is situated at Myleripalayam, 15 kms from Coimbatore Central Railway station. The serene location surrounded by green fields and rich clusters of coconut groves creates a calm atmosphere conducive to learning and growth. Infrastructure with well-equipped laboratories and libraries, well maintained Playgrounds, Hostels, Food Court, Gymnasium and an Indoor Stadium.

Vision and Mission of the Institute

Vision

To become one of the best institutions at the National and International level by incorporating innovative teaching -learning methods to enable the students to secure a high-value career, motivate to pursue higher education and research to serve the society

Mission

- To bring out knowledgeable engineers and professionals in their field of specialization by having qualified and trained faculty members and staff besides necessary infrastructure and to create highly conducive teaching and learning environment .
- To work in close association with stakeholders by way of enhanced industry – institute interaction, to take up need based research and industry specific programmes.
- To organize co-curricular and extracurricular activities for character and personality development to produce highly competent and motivated engineers and professionals to serve and lead the society.

About the Department

The department of Civil Engineering was started in the year 2008. It offers under graduate course in Civil Engineering with an intake of 60 students. Our main goal is to be the Centre of Excellence for the development and dissemination of knowledge in Structural Engineering, Construction Engineering and Management, Water Resources and Management, Transportation, Environmental Engineering, Urban Engineering, Geotechnical Engineering, Remote sensing, GIS and its applications.

The Department has good infrastructure and it is well equipped with state-of-the art laboratory facilities necessary for imparting high quality of education and is structured to meet our present day needs of the Civil Engineering. Students from our department have always proved to be meritorious. The department has well experienced, qualified and diversified team of faculty members who are regularly presenting papers in and national and international conferences and publishing their technical papers in reputed peer reviewed journals.

The department is also very active in conducting conferences, workshops, seminars and visit to industries and construction sites. Visits are arranged regularly to impart technical inputs to the students more effectively through experiential learning. Wi-Fi enabled internet facilities are available in the department. Students are motivated to undergo mini projects to improve their practical knowledge and are encouraged to undergo internship to improve their practical exposure. Soft skill training programs are offered to enhance their communication, aptitude and interpersonal skills.

Vision and Mission of the Department

Vision

To produce technically knowledgeable and socially responsible Civil Engineers by inculcating value based technical education.

Mission

- Imparting strong technical knowledge through qualified faculty.
- Enriching the exposure of the students in emerging technologies, entrepreneurship, and research by industry – institute interaction.
- Enabling the students to become professionally and socially responsible engineers.
