Department @ Glance

The Department of Electrical and Electronics Engineering was established in the year 2002 with an intake of 60 students. The intake is increased to 120 and 180 in the year 2007 and 2012 respectively. The program is accredited by NBA in the year 2009 and reaccredited in the year 2016. The Department is also recognized as research Centre by Anna University. This department has dedicated, talented, qualified and experienced team as teaching faculty members.

Vision

To provide students with sound knowledge of Electrical and Electronics Engineering, that they become capable of facing the current and impending challenges to extend their expertise in the global arena.

Mission

- Impart high quality education and training to the students in the field of Electrical and Electronics Engineering.
- Transforming our students into enterprising technologists by giving them excellent facilities by qualified, committed members of faculty.
- Motivating them to contribute immensely for the benefit of the entire humanity.

Program Outcomes (POs)

PO1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2: Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7: Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO10: Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write

effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO11: Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

Programme Educational Objectives (PEOs)

PEO1: Graduates will synthesize mathematics, science, engineering fundamentals, laboratory and work-based experiences to formulate and solve problems in Electrical and Electronics engineering and the related domains and will develop proficiency in Computer-based engineering and the use of computational tools.

PEO2: Graduates will communicate and work team-based on the multidisciplinary engineering projects in the allied fields of Electrical Science and will practice the ethics of their profession.

PEO3: Graduates will realize the importance of self-learning and engage in lifelong learning to become experts either as an entrepreneur or an employee so as to broaden their knowledge in the domain.

Programme Specific Outcomes (PSOs)

PSO 1: Apply the knowledge in the field of electrical and electronics engineering to analyze, design and develop solutions for real world problems.

PSO 2: Demonstrate the skill in core and allied domain to work in interdisciplinary teams.

List of Events Organized:

S.No.	Name of the Activities	Number of Activities Completed
1	Career Awareness Program	3
3	Workshop	9
5	Conference Organized	1
Total		11

Career Awareness Program:

1. On 23rd January 2024, a Career Guidance Program titled "**Career Guidance Seminar on Study Abroad - Lucrative Career Options**" was organized for second-year students. The resource persons were Mr. P Naresh Kumar, Assistant Manager at IDP Education India Pvt Ltd., Australia, Ms. Raji Ajith, Senior Manager for the Canada destination at IDP Education India Pvt Ltd., and Ms. Shanmuka Priya, Manager for the UK destination at IDP Education India Pvt Ltd.

2. On 23rd March 2024, an alumni seminar titled "**Career Opportunities in Core Companies**" was organized. The resource person was Mr.K.Manoj, Class of 2021, Quality Assurance Engineer in SPS Transformers Private Ltd, Coimbatore.

3. On 16th February 2024, an alumni seminar titled **“A Path for Career Opportunities with Entrepreneurship Development”** was organized. The resource person was Mr.P.Karthikeyan B.E., MBA (SCM), Class of 2021, Team Leader in Risk & Business Intelligence and Vendor Management at Bank of America.

Workshops:

1. On 23rd February 2024, Workshop titled **“Technical and Economic Viability of Retrofitting in 2W/3W”** was organized. The resource person were Dr.M.SivaramKrishnan, Assistant Professor at Karpagam College of Engineering and Mr.P.Palpandian, Assistant Professor at Karpagam College of Engineering.
2. On 15th March 2024 workshop titled **“Integrating Arduino with LabVIEW and IoT Solution for smart Automation”** was organized. The resource person was Mr.P.Gajendran, Assistant Professor at Karpagam College of Engineering.

3. On 15th March 2024, workshop titled **“Workshop on Simulating Embedded Project using Tinkercad”** was organized. The resource person was Dr.C.S.Sumdarganesh, Assistant Professor at Karpagam College of Engineering.
4. On 15th March 2024, workshop titled **“E-Mobility with IoT Application”** was organized. The resource person was Dr.M.SivaramKrishnan, Assistant Professor at Karpagam College of Engineering
5. On 15th March 2024, workshop titled **“PLC Based Industrial Automation & Control”** was organized. The resource person was Mr.P.Palpandian, Assistant Professor at Karpagam College of Engineering.

6. On 23rd March 2024, Guest Lecture titled **“Power System Analysis and Stability”** was organized for third year students. The resource person was Er.D.Babu, Assistant Executive Engineer at the 230KV Substation, Kethanur, Udumalpet, NCES, TNEB.

7. On 28th March 2024, Workshop titled **“Motor for Electric Vehicle”** was organized. The resource person was Dr.K.Ragavan, Associate Professor, Department of Electrical Engineering, IIT Gandhinagar.

8. On 28th March 2024 workshop titled **“Workshop on Motors for Electric Vehicle”** was organized. The resource person was Dr.C.Kumar Professor & Head at Karpagam College of Engineering.

9. On 5th April 2024 a national level workshop titled **“Power Electronics Applications to Electric Vehicles”** was organized. The resource person was Dr.Kaliamoorthy, Professor at Dr.Mahalingam College of Engineering and Technology, Pollachi.

Conference organized:

1. On 5th April 2024 **“18th International Conference on Intelligent Systems and Control”** was organized. The Resource person was Dr.Hady Habib Fayek, Associate Professor, Department of Electro mechanics Engineering, Faculty of Engineering, Heliopolis University.

Faculty Awards / Achievements/ Patents

Faculty Awards/Achievements:

- Dr.C.S.Sundar Ganesh, Assistant Professor received **“BEST MENTOR AWARD”** From Scientific International Publishing House, Tamil Nadu.
- Dr.M.Sivaramkrishnan, Assistant Professor received **“GLOBAL EMINENT RESEARCHER AWARD-2024”** for his outstanding in research from VIJ Trust Education, Thiruvengadanagar, Thiruninravur, Tamil Nadu
